

To Whomever It May Concern:

It is without reservation that I offer this personal reference and professional recommendation in regards to **Mr. Charles B. Allen** and **Lease Logistics, Inc.**

I have had the good fortune to work with Mr. Allen and Lease Logistics on a very complicated commercial lease involving numerous vehicles to be housed at multiple locations across six states.

Mr. Allen not only worked out all of the logistics of this lease, but negotiated with a number of different national providers to assure that we received the best possible service and the lowest possible rate.

Simply stated, we could not have completed our current fleet lease agreement without the direct guidance and hands-on assistance of Mr. Allen and Lease Logistics. For these reasons, it is with great pleasure that I emphatically express my unequivocal endorsement of Mr. Allen and his organization.

In closing, perhaps the highest recommendation I can offer is to state, without reservation, that should I find myself in a fleet lease situation again, I would not hesitate to hire or work once more with Charlie Allen and Lease Logistics
